

UBIO-X-FACE

BIOMETRIC READER

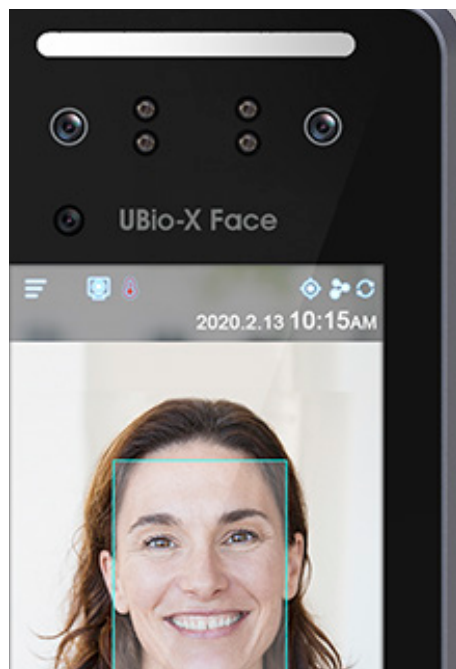

Virdi Face Recognition Terminal

Key Features

- Walk-through method face recognition at a distance up to 3m
- Face authentication under illuminance up to 25,000 Lux
- Liveness detection
- PoE (Optional), HID Prox, iClass (Optional)
- Anti-spoofing attacks against photos, videos & 3D mask
- Easy face enrolment using camera or phone pictures
- Temperature detection combines face recognition system

The **UBIO-X-FACE** is a contactless facial recognition system that features the latest face recognition algorithm technology supporting walk-through and multiple face authentication.
