

GSFG1

SECURITY FOG GENERATOR

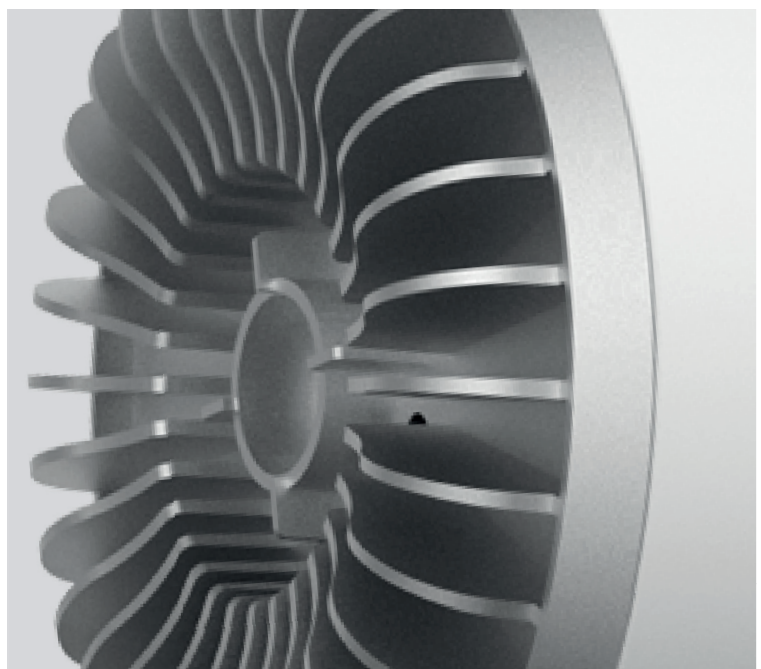

Easy Install, Ultra Low Maintenance, and Environmentally Friendly Security Fog Generator

Key Features

- Solid dry material, food-grade fog
- No heating time
- Remote Control
- 1 second trigger
- Panic Button
- DC12V3A

The Genie **GSFG1** Ejects a Fast, Dense, yet Harmless Wall of Fog. It's Suitable for Indoor Environments with Valuables, such as Banks, Museums, Finance Rooms, Jewellery Stores and Families Which are High-Risk.

genie

Specification

Fog System

Fog Formula	Solid, dry, food-grade
Protect Area	100m ³ –150m ³ closed or half closed area (height 2.5–3m)
Fog performance	Cold fog technology, 1 second trigger, no heating time
Trigger Method	Panic button, remote control
Certification	CE, ISO:9001, ISO:14001, RoHS, NON-TOXIC test report, Alarm systems – Intrusion and hold-up systems – EN50131 Part 8: Security fog device.
Patent	Design patent, utility model patent

Others

Power	DC12V3A
Power Consumption	0–24W
Working Temperature	-10 °C – -50 °C
Operating Humidity	-10 °C – -80 °C
Install	On the wall or ceiling
Fog cover time	8 seconds
Fog Duration Time	30–45 minutes
